As a third-year **Mechanical Engineering** student, I'm searching for work in **engineering, investment, or finance**. I am a dedicated student, persistent problem solver, and have been a competitive athlete for most of my life.

Experience

JULY 2024

Investment banking intern | Sycomore Corporate finance | Paris, France

- Prepared a presentation on "continuation funds", a new and rising vehicle for private equity funds.
- Shadowed analysts through deals they were making, learning, and assessing each step. This made me gain knowledge about the process of a deal and how it is carried out.

JUNE 2024

Investment banking intern | Nomura | London, UK

- Shadowed teams across ten departments, including M&A, Debt Capital Markets, and Risk Solutions.
- Gained insight into the investment bank's product offerings within CFS, as well as advice in several M&A industries.
- Focused on evaluating businesses and understanding how teams functioned and solved challenges.

JUNE-JULY 2021

Retail sales/production worker | Laura Todd | Paris, France

- Gained experience in the primary departments of this confectionery business, including the factory, retail shops, and administrative offices.
- Acquired a valuable understanding of the operations of a small company, particularly in the context of its growth and potential expansion abroad.
